

HARRISON

Harrison is a contemporary off-the-floor design which offers much more than stylish design. Bringing a chic, low silhouette to your living room, this power recliner range features and adjustable headrest which can be raised and tilted to allow you to sit back in comfort.

Put your feet up with ease with the hidden footrest which curls out whenever you want to relax.

Choose from an armchair, two seater or three seater with optional chaise end.

LONG LIVE THE LAZY™
