## **Mayfield**

At first glance, it appears to be a classic sofa but under the surface, Mayfield has some hidden features which will take your relaxation to another level.

If you choose a power recline chair or sofa, you can add heated seats so you can chill out without ever having to actually feel the chill. Ideal for keeping you warm, relaxed and rested even when the weather outside is less than inviting.

Our power recline models also come with USB charging ports and you can even add a power head tilt and lumbar support for extra comfort. Mayfield is also available as a simple static product or as a traditional manual recliner.

Upholstery Options	Available Mechanisms
