Alexander

Add atmosphere and comfort to your living space with Alexander. Simple yet stylish, this range has plenty to offer. As well as the classic static models, there are also power recline chairs and sofas, which can be upgraded to include an adjustable head tilt and lumbar support.

You can also choose to add a cutting-edge console unit to your sofas, which includes Bluetooth speakers to play your favourite sounds, wireless charging points which double up as retractable cup holders and useful storage space. Sofas with a console unit also include a massage setting and soothing ambient LED lighting.

The Alexander range includes an armchair, two-seater sofa, three-seater sofa, standard and storage footstools and a lift and rise chair, all available in both fabric and leather.
